Hi Jeff,

Thank you for sending though the documents yesterday. We have received and are reviewing. I very much appreciate your suggestion to all review the reports before discussing.

Do you have availability during the morning next week to discuss? My colleagues Anne-Laure and Sabrina (on copy) will be joining from Europe so I have proposed some times below to accommodate the time difference. Do you have availability next week during any of the following times?

- Tuesday, Nov 3: 9:30 -11am
- Wednesday, Nov 4: 8:30 -11am
- Thursday, Nov 5: 8-10am
- Friday, Nov 6: 10-11am

If any of the above times work for you I will set up a Microsoft Teams meeting to discuss.

All the best,

John

John, I am going to send you the authorization email so I can get the reports sanitized and send them to you. I sent you the form before if you just want to fill it out from the other email for this PMN and email it to me. Like I mentioned before, the Human health report should be done today or early next week.

It may be easier if I send you the reports and we talk about them then instead of throwing numbers at you without the report.

Jeff

John,

We are still working on the Human Health report. There is one endpoint that may present a gen pop and a consumer risk and double checking the calculations. I know they have been addressing these issues the past two days. I am hoping to have it soon so we can address the concerns.

Jeff

Hi Jeff,

Hope you are well. Just wanted to see if you had an update on this case. Feel free to email or call (203-240-5606).

Best,

John

Hi Jeff,

Thank you for the voicemail yesterday and update on this case. Once you receive the human health assessment please let us know when you will be able to discuss next steps. Also, please reach out anytime if you need to request a 15 day suspension.

All the best,

John
